

JUAL

INSERTION GRATE

PRODUCT DESCRIPTION

JUAL Insertion Grate

APPLICATION:

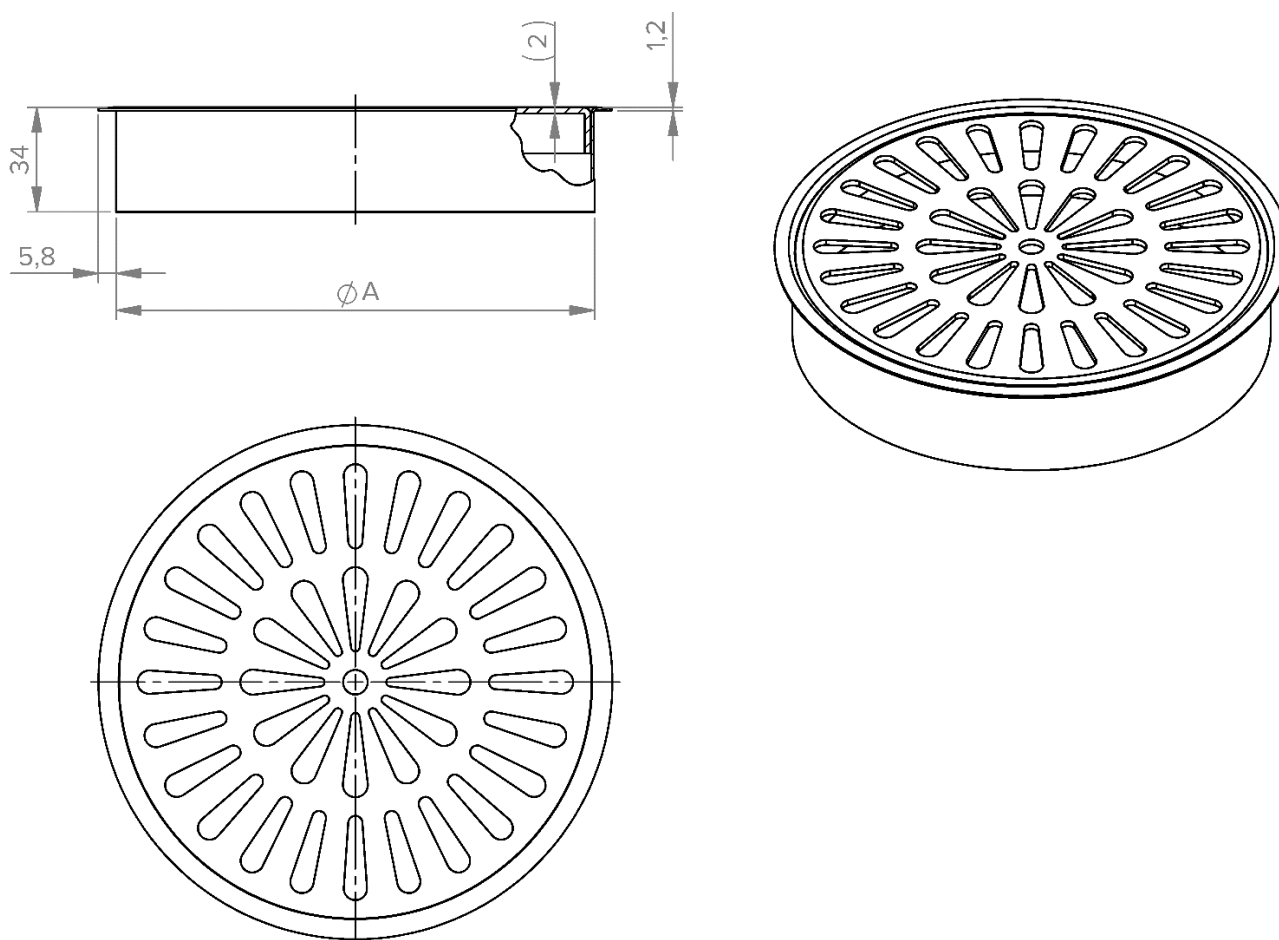

As leaf grates in roof outlets located in places where a flat finish on the surface is needed. For example, in walking areas, on balconies or in places with limited build-in height.

The Insertion Grates fits in JUAL standard vertical roof outlets and in angular roof outlets in sizes from Ø50 to Ø200 mm. Furthermore, the Ø160 mm Insertion Grate also fits in all JUAL bowl outlets.

MATERIALS:

Stainless steel AISI 304 – EN AW-1.4301
